Publishing Technology changes registered office and consolidates UK offices

Publishing Technology, the largest provider of software and services for the publishing industry, today announces a consolidation of UK offices and a change of registered office.

The company has moved the location of its Oxford head office from Unipart House to:

8100 Alec Issigonis Way
Oxford Business Park North
Oxford
OX4 2HU

The new office is larger and provides a more conducive atmosphere for the growing staff base.

At the same time, the company will be closing the offices in Borehamwood and consolidating staff from that office into the larger Oxford office. The company will continue to have a small office in Bath, UK.

George Lossius, CEO of Publishing Technology commented:

"It is extremely exciting to be moving into a larger office and to now have the majority of staff together in one building. This move will bring together most key teams in the UK under one roof and provide our staff with a more modern and a better appointed workspace."
